

Crochet Socks with Afterthought Heels

Instructor: [Shari Burke](#)

In this 4 hour course over two sessions, we will make crocheted socks using a toe-up construction and an afterthought heel. This allows for you to try on the socks as you go for a good fit and the afterthought heel means that it can be replaced for longer wear. The stitch used is durable and smooth for comfortable wearing. Once you know the basic construction method for these socks, you can use it to make socks in any weight of yarn or size that you want. Students should already know crochet basics, although I am happy to provide a few minutes of refresher instruction if needed.
